Energy and Industry Now at a Premium—Every Bit of Effort Put Forth During These Last Days of the Big Offer, Will Pay Big Dividends—Now is the Time to Strike.

The time is short and daily growing shorter. But two more days of the Big Special Offer, which has such an important meaning for each and every candidate, remains, and but a few short weeks from this time the Grand Populars Campaign will come to a close. Of course, the big thing for every candidate to consider just now is the Big Offer, and the candidate who values her chances will see to it that not a single moment that can be of value to her during these two days will escape her. This offer has too important a bearing upon the outcome of the contest to be overlooked. To anyone, and the chance of winning cash-prizes is surely worth little effort now. Nothing is gained in this world except by effort. The good things of life are not handed to us upon a silver platter. But, rather we must put forth some effort in those securing them, when such prizes are offered, and for such a small amount of effort, when all is considered, anyone who appreciates such awards is willing to do her very best in their securing. And before long the choice will be upon us, and all will be over. It is not such a long time as

you can of happiness had been filled to overflowing should the final count prove that you were the winner? Now is the time to act. Now is the real time for effort. Everything is in your favor. And if you appreciate the opportunities of life, you will not allow this chance to escape you.
